Capp *Maestro*

ELECTRONIC PIPETTES

Capp **Maestro** is the electronic pipette that combines all benefits that the modern researcher needs. Users of electronic pipettes want to have the ability to work as fast as on a mechanical pipette, yet benefiting from the functions of an electronic pipette.

The Favorites button is the first function that you will see on Capp **Maestro's** fully colored OLED display. The colored OLED display gives better optical control while pipetting as they have better contrast and greater screen refresh rate compared to the other LCD screens. Also, OLED display consume less power compared to the other display.

Lightweight construction and elegant ergonomic design with wide hook allows you to rest the pipette at the palm of your hand with no need to actually "grab it".

Capp **Maestro's** tip ejector also works as a finger rest for your thumb. Simply rest you thumb on the tip ejector, and gently activate the pipetting button at the same time.
